

SAFE PLAY, RAIN OR SHINE

Playtime often ruined by the English weather? Open up a whole new playtime experience with a protective playground canopy from VR Group.

Our external protective canopies provide safe, sheltered outdoor space for healthy play. Custom designed and installed to your exact requirements, they are designed to protect your children and staff from wet weather and harmful harsh UV rays all year round.

We offer a total, cost-effective solution which includes site survey, design, build and install - we can even help with any building works if required.

Key features:

- A variety of finishes, styles and colours to suit any setting.
- Roof covering made using structured polycarbonate for UV protection.
- Welded steel frames for strength and safe edges.
- All materials used are fully recyclable.
- A complete service from design to installation.

Applications:

Because our canopies are custom designed and built, we can create them for a wide variety of uses. Have you considered providing parents with a covered entrance canopy for collection and drop-off? Or even expanding your facilities with a unique outdoor classroom or work area? Don't forget walkways between buildings too.

About Us:

A family run business, we are passionate about our work and proud of what we do. Since 1988 we have built an enviable reputation for supplying and manufacturing the highest quality products at competitive prices with outstanding service.
